

Have your say on the proposed South East Aylesbury Link Road

Buckinghamshire County Council has begun work to design a new link road to the South East of Aylesbury (SEALR).

The project will create a link road between the A413 Wendover Road and the B4443 Lower Road, and is proposed for completion in 2020.

We are therefore holding a consultation event which will provide an opportunity for you to view the proposals, speak to those working on the project and provide feedback.
